Your first 5 questions

Open any chat AI on your phone: ChatGPT, Gemini, Claude, Copilot or another. Swap in your own details.

EXPLAIN IT

1. In plain words, what does a soil moisture deficit mean for my pasture this spring?

DRAFT IT

2. Write a short text to my shearing contractor checking they're still on for the second week of December.

SUM IT UP

3. Here's a long email from the council. Give me the three things I need to do, and by when. *(paste the email under this)*

LAY OUT OPTIONS

4. I've got 40 more hoggets than I planned for this winter. Give me four options and the trade-offs of each.

CHECK IT

5. What in your last answer are you unsure of, and how can I check it?

EVERY TIME

- Tell it your situation
- New topic, new chat
- Follow up to make it better
- Check facts before you act
- **Never type logins, passwords or bank details**
